

Dear Researcher,

It is our great pleasure to announce the **12th International Symposium on Intelligent Manufacturing and Service Systems (IMSS'23)** to be held on **May 26-28, 2023, in Istanbul**. We would be happy if you would share this announcement with your colleagues.

IMSS symposium series is coordinated by the Sakarya University Department of Industrial Engineering. The IMSS'23, organized in cooperation with Sakarya University, Sakarya University of Applied Sciences University, Yalova University, Istanbul Gelişim University, Hasan Kalyoncu University, International Vision University, will provide a platform to bring together academics, researchers, and industry experts from all over the world to present the latest research focus and application areas of the societal and technological dimensions of knowledge evolution in the digital society.

Special issues of indexed journals will be devoted to a strictly refereed selection of extended papers presented at IMSS 2023. **The journals with publication potential include:**

- Advanced Engineering Informatics (SCIE-Q1)
- Computers & Industrial Engineering (SCIE-Q1)
- Journal of Intelligent Manufacturing (SCIE-Q1)
- Journal of Intelligent Systems: Theory and Applications (TR-Dizin)
- Academic Platform Journal of Engineering and Smart Systems (TR-Dizin)

Keynote Speakers:

- Prof. Dr. Andrew Kusiak (Industrial and System Engineering, The University of Iowa)
- Prof. Dr. Chun-Hsien Chen (School of Mechanical and Aerospace Engineering, Nanyang Technological)
- Prof. Dr. Yasser Dessouky (Charles W Davidson College of Engineering, San José State University)

Important Dates:
